Explorer Level Members

US Cohort	
Explorer	**Office**
Enobakhare, Iriagbonse	Atlanta
Fu, Hao	Arlington
Jain, Rohit Kumar	New York
Kessler, Sam	New York
Kumbhare, Harish Gopal	Houston
Lee, Joshua	Atlanta
LeRoy, Kumar	Charlotte
Lewtan, Jacob	San Francisco
Namburi, Swathi	Houston
Nguyen, Nhut	New York
Rajarathinam, Vijay	Dallas
Ray, Abhijit	Houston
Rehman, Nasar	Rosslyn
Schiefelbein, Scott	Portland
Velasco, David	Arlington
Wu, David	Los Angeles
Zhang, Vivian	Boston

USI Cohort	
Explorer	**Office**
Balla, Ravi Teja	Hyderabad
Chillara, Pardha	Hyderabad (Blocks A-D)
Jaiswal, Rohan	Mumbai
Jaswani, Naman	Hyderabad
Kasam, Pruthvi Raj	Hyderabad (Blocks A-D)
Kumar, Ankit	Bengaluru
Kumar, Nidhi	Gurgaon
Milan Mehta, Vatsal	Mumbai
Mohanty, Somen	Bengaluru
Papani, Sai Charan	Hyderabad
Paturi, Naveen	Hyderabad
Raman, Harsh	Hyderabad
Redhu, Amit	Gurgaon
Roshan, Nibras	Bengaluru
Sharma, Sambhav	Hyderabad
Srivastava, Viomesh	Bengaluru

Participants by Country

17 US

16 USI

Participants by Level

Explorer Level Team Members

We encourage explorers to engage with their team members to help each other understand and apply the concepts from the program.

Team 1	
Explorer	**Office**
Enobakhare, Iriagbonse	Atlanta
Fu, Hao	Arlington
Jain, Rohit Kumar	New York
Kessler, Sam	New York
Namburi, Swathi	Houston

Team 2	
Explorer	**Office**
Kumbhare, Harish Gopal	Houston
Lee, Joshua	Atlanta
LeRoy, Kumar	Charlotte
Lewtan, Jacob	San Francisco

Team 3	
Explorer	**Office**
Nguyen, Nhut	New York
Rajarathinam, Vijay	Dallas
Ray, Abhijit	Houston
Rehman, Nasar	Rosslyn

Team 4	
Explorer	**Office**
Schiefelbein, Scott	Portland
Velasco, David	Arlington
Wu, David	Los Angeles
Zhang, Vivian	Boston
Srivastava, Viomesh	Bengaluru

Team 5	
Explorer	**Office**
Balla, Ravi Teja	Hyderabad
Chillara, Pardha	Hyderabad (Blocks A-D)
Jaiswal, Rohan	Mumbai
Jaswani, Naman	Hyderabad
Kasam, Pruthvi Raj	Hyderabad (Blocks A-D)

Team 6	
Explorer	**Office**
Kumar, Ankit	Bengaluru
Kumar, Nidhi	Gurgaon
Milan Mehta, Vatsal	Mumbai
Mohanty, Somen	Bengaluru
Papani, Sai Charan	Hyderabad

Team 7	
Explorer	**Office**
Paturi, Naveen	Hyderabad
Raman, Harsh	Hyderabad
Redhu, Amit	Gurgaon
Roshan, Nibras	Bengaluru
Sharma, Sambhav	Hyderabad

Explorer Learning Pathway: Overview

Blockchain Business Foundations — Pre-Requisite

Kickoff – Guild Expectations — Day 1

Introduction to Blockchain Architecture — Weeks 1-7

Blockchain Solution Architecture Checkpoint — Week 7

Introduction to Ethereum — Week 8

Introduction to Corda — Week 9

Introduction to Hyperledger — Week 10

Review & Final Exam (90 Questions, 60 Minutes) — Week 11-12
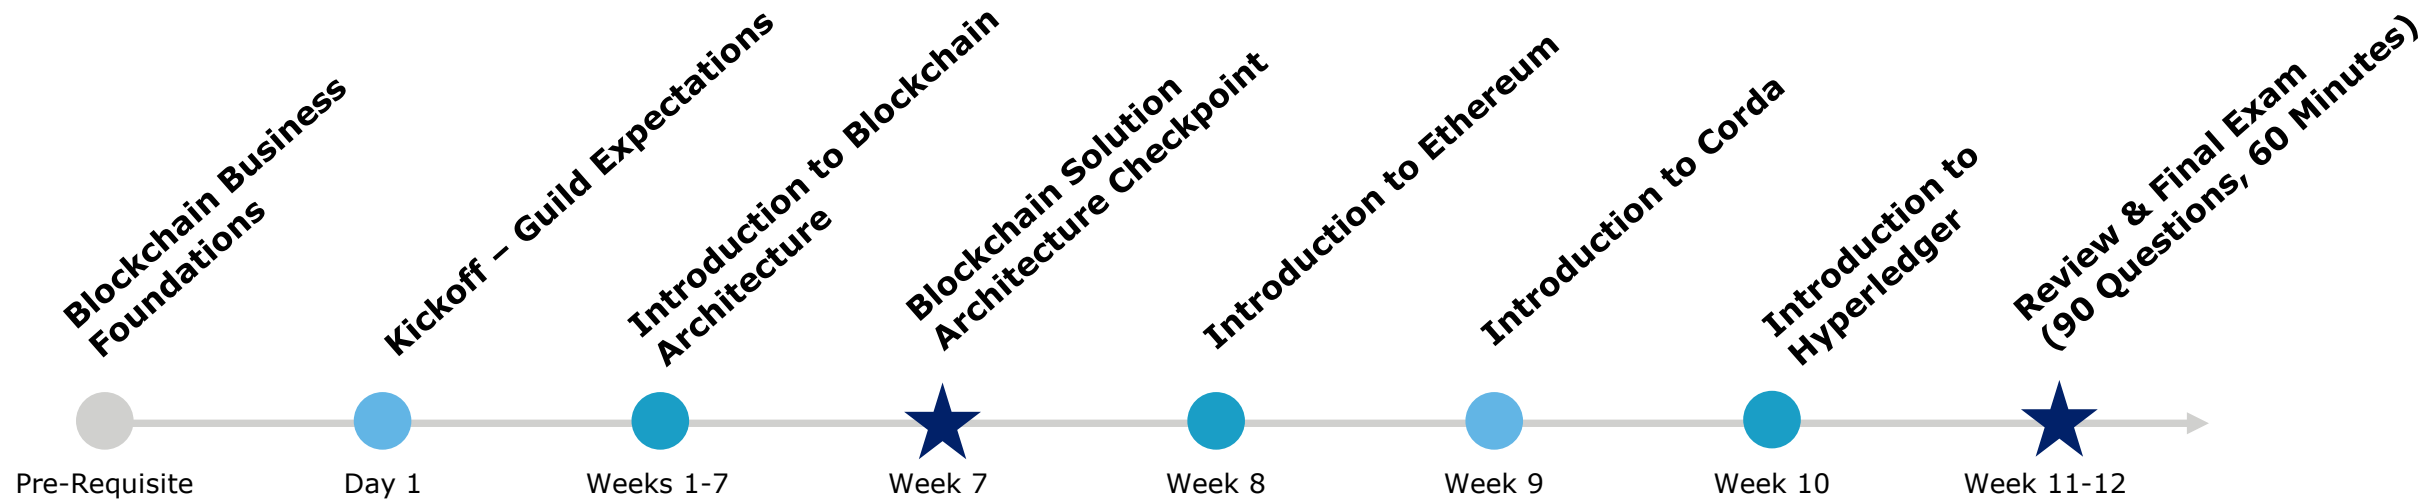

Goal:
Explorers will learn foundational blockchain architecture principles and explore the differences between the most common vendors Deloitte works with. Courses will be taken online through the learning partner *Blockchain Training Alliance*.

Learning Requirement:
- An approximately 12-week *Blockchain Training Alliance* license will be provided to you to take the required courses
- You are expected to take roughly 40 course hours of interactive education with continuous feedback
- This program lasts approximately 12 weeks, and you are expected to dedicate time on a weekly basis to the curriculum.

Role	Responsibility
Explorer	The Explorer is responsible for completing courses in an allotted timeframe and to escalate any issues to the Coordinator. A learning cohort will be assigned to each Explorer. Active participation is highly encouraged.
Coordinator	A Coordinator assigned to each cohort will meet with the student group bi-weekly to track progress and answer content questions.

Explorer Learning Pathway: Mandatory Courses

- You are expected to complete all coursework and quizzes/checkpoints by the assigned due date.

  - If you fall behind by **2 weeks** worth of due dates, your seat will be cancelled and you will not be able to reapply for a year. Email the Guild mailbox in advance if you have any planned PTO that will prevent you from completing an assignment on time.
  - If your schedule does not allow you to make this commitment, please email the Guild mailbox ASAP confirming your inability to continue so that we may reassign your seat to others in the waitlist.

- You MUST complete all coursework using a **desktop**. Coursework completed on a mobile device cannot be tracked.

- **Quizzes and the Solution Architecture Checkpoint must be passed with a grade of 80% or higher**. The Explorer Final Exam is optional to complete the Explorer Program but required to move to the Apprentice program.

- **In order to be fast tracked for the Apprentice program, you must take the Explorer final exam by May 31, 2021.**

Courses	Start Date	Due By
Explorer : Blockchain Architecture Training		
Chapter 1: What is Blockchain	2/12	2/22
Chapter 2: How Does Blockchain Work	2/12	3/1
Chapter 3: Types of Blockchains	2/12	3/8
Chapter 4: How is Blockchain Different Than What We Have Today	2/12	3/15
Chapter 5: What Does a Blockchain Application Look Like?	2/12	3/22
Chapter 6: How Do I Design and Develop a Blockchain Application?	2/12	3/29
Chapter 7: How Do I test a Blockchain Application?	2/12	4/5
Chapter 8: Use Cases for Blockchain	2/12	4/12
Chapter 9: Blockchain Cybersecurity	2/12	4/12
Explorer Blockchain Solution Architecture Checkpoint	2/12	4/19
Explorer : Platform Overview		
Chapter 10: Ethereum	2/12	4/26
Chapter 11: Corda	2/12	5/3
Chapter 12: Hyperledger	2/12	5/10
Explorer Final Exam	5/11	5/31

Explorer Learning Pathway: Get Connected

Connect with your cohort

- Create a group chat with your team members! Ask questions, post discussions, talk about the weather – it's up to you!
- Connect with your 33 other explorer members. Be on the lookout for an announcement to join our Microsoft Teams channel for collaboration.

Attend explorer meetings

- **Mandatory Meetings:** We will have 1 explorer touchpoint call per month where will discuss updates, spotlight involvement opportunities, and review course content. These meetings are mandatory to attend.
- **Optional Meetings:** We will host bi-weekly office hours where you can "drop-in" as you like to ask your coordinators questions about the program or course content.

Participate in optional activities

- **Mini-Assessments (Optional)** – Individual application questions will be distributed for Explorers to apply the concepts learned throughout the program
- **Group Eminence Creation (Optional)** – Apply your knowledge by working with Blockchain Leaders on firm eminence and research! More details will be given soon.

Get help from your leaders!

- US and USI coordinators (Christopher Williams & Onkar Kulkarni)
- Blockchain Guild PMO team (guildprogram@deloitte.com)
- Explorer level leads (Michael Lino & Nikhil Chaudhari)

Explorer Learning Pathway: Next Steps

1

Check your BTA Access

Login to the [BTA platform](#) with your Deloitte email and make sure you can see the Blockchain Architecture and Blockchain Platform Overview courses.

If you cannot see these courses, email the [Guild mailbox](#) ASAP.

2

Connect with your Team

Reach out to your assigned team members and schedule an introductory call.

3

Begin your Coursework

Start taking your explorer coursework! Be sure to complete all coursework by the expected due date.

4

Charge your Time

WBS: XYI00005-01-01-01-0000

Record hours spent learning explorer course content, attending meetings, and participating in optional activities.

Note: Hours charged to the WBS should not replace any PTO hours.
